# Vensafe ZERVIO TOUCH

## - SIMPLE TOUCH SCREEN SHOPPING

*A very simple, intuitive interface makes touch screen shopping quick and easy.*

### Category

The first screen shows which product categories are available to the customer – max. 12 categories. All categories are shown with both text and a symbol. The 6 most

frequently sold products are shown with product names, pictures and prices in a quick pick menu on the right-hand side of the screen.

### Brand

The next screen shows all the brands included in the chosen product category – max. 24 brands per screen. Further

brands can be found on the following screens by touching >>. The customers then select "their" brand.

### Product

This screen shows all products belonging to the selected brand – max. 21 products per screen. Further brands can be found on the following screens. The product is

shown with name, picture and price. The customer touches the product required and a product card is printed. This is scanned and activated in the check-out lane.

### Product information:

Additional product information can be attached to products that require a more detailed description such as non-prescription medicines. Products and prices are easily altered.

### Dimensions:

Height: 139 cm  
 Width: 47,5cm  
 Depth: 61 cm  
 Footprint: 0,29 m<sup>2</sup>  
 Weight: 40 kg  
 Solid 15" LG screen  
 Epoxy coated steel stand  
 PC and printer integrated into stand  
**The screen may also be mounted in the check-out lane without the stand.**
